Mr Stephen Mayne

Dear Stephen

Australian Super Investment Conference (ASI) 2004

On behalf of IFS and CMSF I would like to thank you for the valuable contribution you made to the success of the ASI 2004 conference.

The feedback we have received on the conference program sessions has been extremely positive. We appreciate the time and effort all the presenters put into our annual conference and we recognise the conference would not be the institution it is without this input.

I would be very interested to receive any feedback or comments you may have. Please feel free to contact me on 03 9657 4300 or via email: freynolds@mail.cmsf.com.au.

You may like to note that the 2005 ASI Conference will be held next year at the Cairns International Hotel, Cairns QLD, from Monday 5 to Wednesday 7 September 2005.

For your information I have attached the survey results from your session including the overall satisfaction survey results.

Thank you once again for your support
