Mr S Mayne

Dear Stephen,

**Chartered Secretaries Australia  
Annual Public Sector Update 2006 - Victoria**

On behalf of Chartered Secretaries Australia, I would like to thank you for participating in the panel discussion "Examining the ethical implications and governance lessons that have arisen from the AWB case" session for our Annual Public Sector Update held on Tuesday 22 August 2006 as part of our professional development program.

The presentation was very informative and well received by all in attendance as clearly indicated by the feedback from registrants following the presentations. You received an average rating of very good for your content with well over 80% of the respondents rating either very good or excellent; and very good for your presentation with nearly 90% of respondents rating either very good or excellent. As always it was a pleasure to have you participate in our conference. I know that some of the issues and comments in the session certainly had our delegates talking, and most commented that they would have liked a longer session! Some delegates also indicated that they would have liked to hear more about your perspectives on the public sector.

The overall conference, with nearly 70% of our respondents, rated the day very good to excellent and some of the general feedback from our delegates included:
