Dear Stephen,

On behalf of the board of the Cinema Owners Association of Australia I am writing to thank you for your participation at this year's National Conference.

I hope that the event provided you with a suitable forum and that, long term, your involvement will prove beneficial. The feedback that we have received from those in attendance at your presentation has been very positive.

Once again, many thanks for taking the time to address the delegates and we may contact you at another time if we can provide an opportunity for the Association's membership to hear an update in your area of expertise.

Yours sincerely,

Dee Cavanagh
Program Co-ordinator
