We're into everything

At ELTHAM we create a passion for learning. We immerse students in a range of experiences so that they learn how to learn from every experience. Our **Middle Years Program** has some great examples. Year 8 recently collected mobile phones to reduce the destruction of gorilla habitat in Africa. Physics students took their study of force out of the classroom and into a tug of war battle. And our 'Environmental Warriors' have worked to maintain and revegetate our environmental reserve. Learning through experience and developing a passion for understanding are just some of the many ways we empower young people at ELTHAM. ★ *Find out more at an ELTHAM IN ACTION K-12 tour 9.15am Tuesday 30 November. Visit our website or call for more info.*
