Reservoir to party

A FREE community party of epic proportions awaits Darebin residents next Friday.

Reservoir's T.W. Andrews Reserve will be transformed into a party playground by volunteers from the East Reservoir Neighbourhood Renewal project.

On offer will be a jumping castle, animal farm, facepainting and a clown as well as skateboarding and basketball with the Darebin Youth Services Y-Ute crew.

Also in store is a free barbecue including halal and veg-

etarian options. Activities officer Jessica Adams said the end-of-year party was a chance to come together to celebrate Reservoir.

Reservoir resident and volunteer Rawinia Carroll said it would be a fun-filled day for families. "We are trying to get people to come out who may be a bit isolated."

More than 500 people attended last year.
► **The party will be held next Friday, December 3, from 3.30-7pm at T.W. Andrews Reserve, cnr Fordham Rd and Strathmerton St.**

Danny Diesendorf entertains. N22PT504

We ensure that your water passes the test!

As Melbourne's largest retail water utility, Yarra Valley Water supplies 1.6 million people with approximately 140 billion litres of safe, fresh drinking water each year.

We are committed to ensuring that your water is safe and meets all requirements of the *Safe Water Drinking Act, 2003*. Most of our water is sourced from protected natural catchments which means it requires very little treatment before making its way to you.

Behind the scenes we carry out around 27,000 water quality tests across the water supply network each year and our quality assurance programs are the same as those used in food and pharmaceutical industries world wide.

For more information please visit www.yvwm.com.au and look out for our 2009/10 Annual Water Quality Report.
