## Independent Liberal Griffin Ward

- Commitment to Local Sports
- Delivering better consultation and outcomes for the Ivanhoe Precinct
- Opposing the chaotic overdevelopment in the area
- Putting an end to the reckless and wasteful spending of your money, and attempts to eradicate fair representation

Due to Jenny Mulholland's engagement in political opportunism and use of party platforms as a matter of convenience to steal votes, as well as her blatant attacks on mental health, I cannot in good conscience give her preferences.

This was seen in the last two Ivanhoe State Elections in her complete lack of support for Liberal Carl Ziebell, as well as her running as an Independent in the 2006 state election.

Jenny was also an ALP Member and worked for Labor Premier John Cain. This political capriciousness and total lack of fundamental beliefs cannot be supported.
